This decision concerns the March 24, 2003 renewed petition under 37 CFR 1.137(b).

The petition is **GRANTED**.

This application became abandoned on April 22, 2001. A May 30, 2002 petition to revive under 37 CFR 1.137(b) was dismissed on February 28, 2003, in that, some of the substitute drawings in response to a Notice of Missing Parts and submitted with that petition did not comply with the margins requirements of 37 CFR 1.84.

The new set of substitute drawings enclosed with the instant petition have been approved by the draftsman. The petition is thus granted.

No fee is owed.

The application is now complete.

In addition, receipt on December 12, 2002 of an Information Disclosure Statement is acknowledged.

The application file is being returned to the Office of Initial Patent Examination for further processing, and for issuance of a filing receipt if one has not yet been mailed. Thereafter, The file will be forwarded to the appropriate Technology Center for examination in due course.

Telephone inquiries should be directed to the undersigned at (703) 308-0763.
